Alumni Leadership Encouraged by Undergraduate Accomplishments

The latest house upgrade has been completed as of the time I push the send button for this Newsletter. The north wing central air conditioning installation has been completed and nary an electrical fire was to be seen at 520 S. Ridgewood Ave.

Plans for installing the South wing unit has been budgeted for the next fiscal year. We are also taking a look at replacing the main houses two units; the one in the attic and the one above the drop ceiling in the kitchen. There is a good possibility that we will be able to install one unit in the attic to feed down to the first floor. This single unit will also allow us to access rooms 8 and 9 without having to cut the load baring, exterior walls of the main house to access these rooms.

Some Brothers have asked why central air, why now? The answer to this questions is fairly easy, cost of repairs. On average over the past 5 years we have had 4-5 window air conditioning/heat units fail. To adequately cool these rooms, keeping in mind the modern students needs (aka electronics), we were purchasing 8,000-12,000 BTU units. Also of these units about 3/4 of the units would leak down the interior walls, causing structural failure of the drywall, carpet damage, personal property damage, mold, etc.

The new units will not only be more cost effective for the house corporation in regards to maintenance costs, but also the reduced electric load should lower undergraduate energy bills. Lastly we will be removing the old units and sealing up the open space. This will, again, reduce the amount of cool energy lost through these openings. We also believe this will make us more compeltive in today's rental market.

Termites are our latest non-paying residents. We think they're Lambda Chi Alphas trying to squat and takeover our house. At first we thought they were jealous Delta Chi's who lost their house some years ago, but we noticed that the termites seemed a bit *fes-tive*, seemed to respond favorably when the song [*Gonna Make You Sweat \(Everybody Dance Now\)*](#) was played, and one brother noted that they reminded him of *Steel Works*, a sure sign of a Lambda Chi.

Brothers, it is with a heavy heart we learned of Brother Paul English '89 lost his wife Mariann this July. Mariann was a beautiful person, inside and out. We will always remember the good 'ole days we shared at J's, the Bank bar on Main and how much she was loved by all. You will be sorely missed. Please keep Brother Paul English in your thoughts.

1855 Club—Stronger then Ever

First announced in 2000, the 1855 Club is stronger than ever with 49 members. The 1855 Club has increased its membership by over 20 new members from March of this year! This is a phenomenal achievement that can be attributed to the hard work of **Seth Downs '92** and his squadron of 10 and 5 year captains.

Thanks Seth, thanks 10 and 5 year captains, and thanks to all of the 1855 Club Members.

Our most recent addition is **Robert Sween, '72**. Thanks Robert.

1855 Club income for September 2009 was \$1,226.

Cell Phone Stuck In 2-Year Contract With Undergraduate Brother

DAYTONA BEACH, FL—Though it has been the victim of rampant physical and verbal abuse and feels terrorized by its demanding, possessive partner, a local Samsung SPH-M300 mobile phone cannot get out of its two-year contract with area man Sean Stefanak. Eyewitnesses have reported seeing Stefanak, 22, lose his temper and shout at the phone on multiple occasions, often slamming it shut and calling it obscene names. "Sadly, we see this sort of thing all the time," said Robert Tetrault, a repair specialist with Samsung who has taken the phone in three times in the past six months. "They say they accidentally dropped it down the stairs or whatever, but you know something else is going on." When reached for comment, the SPH-M300 said that Sean Stefanak is not available and to please press '1' or wait for the tone to leave a message.

"This badge requires more of me than the world requires of other men"

Chapter Phase

Alumni Rollout

March 26th - 28th, 2010

HAPPY 39th BIRTHDAY TO US

39 Great Years of Fun and Still Counting ...
Hope to see you here!

- HAVE YOU SEEN THESE BROTHERS? -

The following Brothers are lost! We've either had the Post Office return mail from their last known address or they haven't filled out their online profile. If you've seen any of these Brothers or know their whereabouts, please have them contact our database administrator **Bill Palmer '79**.

Marius S. Alecsa	04	Hubert Harrison	74	Gregory Snell
