

Sweetheart/Tribune Newsletter June 2021

This edition of the newsletter will include the last two semesters at Embry-Riddle, Fall 2020 and Spring 2021. Cameron Archibald, tribune, and Jesse Andrews, sweetheart, will be writing the monthly newsletters moving forward!

Embry-Riddle COVID Update:

The school has recently announced that masks will be optional for everyone and the university will function as normal going forward. We're looking forward to a normal semester in the fall, without restrictions.

Alumni/Career Networking Event

We recently held our first alumni career/networking event, and it went very well! Thank you again to all the brothers that came and spoke with the undergraduate brothers about their prospective careers. We will be looking to host another one of these events in the Fall and we will keep you updated on the date and time of the event.

Fall 2021 Rush Week Update

Rush week will take place between September 15th and September 24th for the upcoming Fall. We will be continuing the recent tradition of hosting an alumni zoom event in the fall as a part of our recruitment process. This will be Tuesday, September 21st with a time to be announced closer to the event. In the past year this has been one of the favorite events among potential new members and we would like to continue building on this with having more alumni attend than ever before. I have attached our fall rush flyer for your viewing. If you have any interest in attending, please reach out to our Recruitment Chair, Brandon Rollins, whose contact information is listed on the rush flyer.

Chapter Achievements

Despite the adversity faced by the chapter over the last year due to the pandemic, the brothers have still been thriving with many achievements and opportunities:

Prajwal Srikanth is currently working as an intern at Cummins Inc in Columbus, Ohio.

Nick Hudson is currently completing a security internship at Shanty Creek Resort Bellaire, Michigan.

Reade Allen recently obtained his A&P to go with his commercial single/multi and CFII.

Christopher Halprin received his pilot slot in the United States Air Force.

Andrew Wang received his pilot slot in the United States Air Force.

Omar Lopez received an Air Battle Manager position in the United States Air Force.

Junior Bastian is beginning his standards to become a CFI at Embry-Riddle.

Ronak Tanna (left) and Ranvir Israni (right) are attending CFI/II academy at Epic Flight Academy and will finish their certifications by the start of the Fall 2021 semester. Ranvir passed his AGI & IGI and recently got a job as a Ground Instructor at the Aviation Learning Center in the College of Aviation at Embry-Riddle.

Atharv Dangore is currently a summer undergraduate research fellow with a \$3,000 stipend to complete research on characterizing microplastics in the atmosphere. He will be working with Johns Hopkins to determine their effects on humans when inhaled and will have a publication by the end of this summer. He is also conducting research with a master's student for harvesting energy piezoelectric from a smart beam using piezoelectric material.

Denzell Wilson recently commissioned as a 2nd Lieutenant in the US Air Force as a Cyberspace Officer. He will be training in Kessler Mississippi in September 2021. Denzell also recently got engaged to his girlfriend, Paula!

Tilo Moeller recently commissioned as 2nd Lieutenant in the US Air Force where he will be going to ENJJPT at Sheppard Air Force Base.

Eshaan Patil recently started as a Chief Pilot Operations Intern with Alaska Airlines in Seattle. He works alongside technical pilots, captains, and directors of various departments, testing out new technology while on the flight deck by jump seat flying with the pilots.

Cameron Archibald (pictured left) and Andrew Cebula (pictured right) recently started internships at MITRE as an Avionics System Engineers working with testing the effects of 5G on radar altimeters. Thank you to Ben Brandt (#535) for providing both Andrew and Cameron this amazing opportunity!

We also had 5 brothers accepted to Horizons for this summer, with 4 brothers attending as well as 3 brothers attending KRACH this summer.

Congratulations as well to the following brothers for graduating this past year:

**Johnny Janiak
Tico Moronta
Aleksei Ruci
Gary Wegener
Luka Suskavcevic
Nicholas Distefano
David Marsilio
Christopher Hunter Smart
Danny Juchtman
Austin Sorrells
Denzell Wilson
Tilo Moeller
Carter Crowley
Joey Antaya
Christopher Olmo
Reade Allen
Mason Fischman
Ryan Johnson**

As a chapter this past year, we successfully initiated 10 new brothers despite the difficulties of COVID, making us the 2nd biggest chapter on campus currently, even with over a dozen brothers graduating over the past year. We have high expectations for the fall without restrictions and look to recruit our biggest pledge class to date.

As always, feel free to reach out with any questions or concerns.

**In Hoc,
Cameron Archibald #937 and Jesse Andrews
